BACKGROUND

After Stuart Crane, a database application developer, and Jeff Johnston, a home infusion therapy RN, met they created CPR+. They formed Definitive Homecare Solutions (D.H.S.) – which solves the needs of homecare providers with technology. Over 1200 Home Infusion, HME, Respiratory Pharmacy, Specialty Pharmacy, and Ambulatory Infusion centers have implemented CPR+.

Due to the rapid growth of CPR+, D.H.S. identified a vacant office building in Westerville to accommodate its expansion and contracted with MCR Services, Inc. to convert the space.

CHALLENGES

Updating the Old

An older, vacant building to be updated into functional office space.

- ⦿ Install radius window walls to open up the space
- ⦿ Overall updates are required to meet current building code

FEATURES

New, Sophisticated Spaces for the Staff of CPR+

- ⦿ Open space for programmers and support staff
- ⦿ Spacious training area
- ⦿ Fitness facility
- ⦿ Upscale finishes

RESULT

CPR+ in Central Ohio

CPR+ a results-oriented company experiencing rapid growth with a long term strategy to manage this growth. They are focusing their efforts, time and resources on improving our product development, training and implementation.

Although this project is still in production, we intend to provide the necessary features and functionality necessary for CPR+.
